Subject: Contract No. EQ-1806

Gentlemen:

The subject letter of intent in paragraph 5 thereof states that

"No contract, regardless of the amount thereof, shall be made by the Contractor with any other party for furnishing any of the completed or substantially completed articles, spare parts or work herein called for, without the written approval of the Contracting Officer as to sources."

We are proposing to place a purchase order for Item No. 2 of Exhibit "A" with the Photostat Corporation of Rochester, New York. In addition, we propose to place a purchase order for Item No. 4 of Exhibit "A" with Vectron, Inc. at 400 Main Street, Waltham, Mass. We feel that immediate placement of these orders will permit meeting the delivery dates for these items. In view of the aforementioned restriction in the letter of intent would you please provide us an approval of these purchase orders.

We should like to request also a waiver under Clause 7-103.14 (Buy American Act) listed as an applicable ASPR clause in paragraph 3a. One of the pieces of equipment which we plan to use was developed and built in our German subsidiary (Kodak A.G.) at Stuttgart, Germany. In order to meet your desired delivery date, we wish to purchase this item from that Division of Kodak and since the item is a commercial item there should be no difficulty.

Yours very truly,
